### **Plan Information**

The Plan is intended to be an ERISA Section 404(c) plan. This simply means that you "exercise control" over some or all of the investments in your Plan account. The fiduciaries of the Plan may be relieved of liability, or responsibility, for any losses that you may experience as a direct result of your investment decisions.

As a Plan participant, you may request certain information from Plan Administrator's Representative Alerus Retirement Solutions, Suite 400, Two Pine Tree Drive, Arden Hills, MN 55112, Phone: 800-433-1685. This information includes: annual operating expenses of the Plan investments; copies of prospectuses, financial statements, reports, or other materials relating to Plan investments provided to the Plan; a list of assets contained in each Plan investment portfolio; the value of those assets and fund units or shares; and the past and current performance of each Plan investment.

You may direct the investment of your account by logging in to your account at [www.alerusretirementsolutions.com](http://www.alerusretirementsolutions.com) or using the plan's Voice Response Unit by calling 1-800-795-2697. You must have a user identification number and password to access these systems. Generally, investment directions submitted by 3:00 p.m. Central Time on days when the major stock exchanges are open for business will be reflected in your account based upon the value of the investment as of market close. Generally, investment directions submitted after 3:00 p.m. Central Time, on weekends or holidays will be reflected based upon the next business day's value.

### **Other Plan Information**

Alerus shall execute and deliver to the Plan Sponsor, any vote or proxy relating to securities held by the Plan's trust. Alerus shall vote such securities only to the extent and as directed by the Plan Sponsor or, if applicable by an appointed investment manager.

### **Other Plan-related Expenses**

Retirement plans have different types of expenses.

**Administration expenses** – These are charges for services such as legal, accounting and recordkeeping expenses.

In our Plan, these expenses are paid partly by the Plan, partly by the Plan sponsor, and partly by participants. A participant's share of these expenses is allocated on a pro rata basis. Your share of these expenses is based on the value of your account balance over the total assets in the Plan.

Your employer pays the following general plan expenses: Annual Administration Fee: \$1,500; Annual Active Participant Recordkeeping Fee based upon plan participant count: 1 to 49 \$25; 50 to 99 \$20; 100 to 249 \$16; 250 to 499 \$14; 500 or more \$12; Annual Asset Charge: \$1 to \$1,000,000 0.50%; \$1,000,001 to \$2,000,000 0.40%; \$2,000,001 to \$5,000,000 0.30%; \$5,000,001 to \$10,000,000 0.20%; \$10,000,001 or more 0.15%; Annual Compliance Services: 0.08%. Some or all of these fees may be offset by revenue sharing from plan investment options. To the extent that revenue sharing is insufficient to cover these fees, they will be deducted from your account balance pro rata. Your account is charged a pro rata share (your account value/total plan value) of the following general plan expenses: Annual 5500 Electronic Filing Fee: \$50. Terminated Participant Account Fee: If you terminate employment, Alerus will charge a fee of \$25 directly to your account balance. This fee was previously paid by your employer. Small Account Balance Fee: Terminated participants with balances smaller than the current distribution fee may be charged a small account balance fee equal to the current distribution fee listed in this disclosure.

Forfeitures will be used towards paying Plan administration expenses.

**Individual expenses** – These are expenses you may incur if you take advantage of certain Plan features.

*Qualified Domestic Relations Order (QDRO)* – The following QDRO-related expenses will be charged to your account:

- A \$250 processing fee for each domestic relations order

*Distributions* – The following distribution-related expenses will be charged to your account:

- A \$50 processing fee for each type of distribution requested

*Other Expenses* – You may incur certain charges for:

### Document Summary

This section has two parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option.

### Part I. Performance Information

**Table 1** focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site[s].

Each investment in the table also has a "benchmark". The benchmark allows you to compare an investment's performance to the performance of a widely used collection of investments. While you cannot invest in a benchmark, the performance of the benchmark will give you an idea of how well the investment did in the same time period.

**Model Portfolios**

The plan offers a number of model portfolios to plan participants. These model portfolios allocate a participant’s contributions to specific plan investments on the basis of the participant’s investment objectives and risk tolerance (e.g., conservative, moderate, growth). These model portfolios are not themselves plan investments. Performance and related expenses may be determined by looking at the information for the underlying investments.

**Part II. Fee and Expense Information**

**Table 2** shows fee and expense information for the investment options listed in Table 1. Table 2 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 2 may also show Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at [http://www.dol.gov/ebsa/publications/401k\\_employee.html](http://www.dol.gov/ebsa/publications/401k_employee.html). Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.
